New Rochelle YMCA Summer Camp –

Youth Development is one of the YMCA's Impact Areas where Ys are empowering young people to reach their fullest potential and at the heart of our summer camp. The YMCA Summer Camp program offers more than just a fun, caring, and safe place to keep your child physically and mentally engaged over the summer. It's more than just a summer experience that fosters new friendships, teaches new skills and provides so many ways to have fun and laugh the time away. We do so much more than take daily swims in our pool, dance in our studio, create unique arts and crafts, play games and take fabulous weekly trips.

Embedded in our program, we integrate a holistic approach to programming that enhances and nurtures the unique developmental journey of every child and teen. Activities and trips vary depending on the age group to ensure they are aligned to age appropriate milestones.

We create opportunities for campers to challenge themselves as they seek to become more independent and self-reliant. Team building activities allow campers to communicate effectively and take on leadership roles as they work together to solve problems. Sports games foster healthy competition and inspire kids to do their best.

Woven throughout the series of events that make up the day, we teach our four core values of caring, honesty, respect and responsibility. Counselors, serving as positive role models, help with character development activities throughout the week to further reinforce our efforts in teaching these universal values. It may seem like just fun and games, but we are strategic and purposeful in the activities selected to nurture your child's growth. We enrich each child's:

- **MIND** by exposure to Science, Math, Technology, and Engineering
- **BODY** by exploring Health and Wellness through Culinary
- **SPIRIT** by growing an appreciation of Arts & Music

Each child gains something different at camp: making new friends, self-confidence, independence, and leadership—skills that last far beyond camp. Whether it's your child's first camp experience or a returning camper, our camp provides an environment where campers are encouraged to grow, have fun, be creative and make those memories that will last a lifetime.

KIDS MAKE MEMORIES AT NEW ROCHELLE YMCA CAMP...

Our day camp is divided into smaller camp groups based on age groups. This ensures all activities are age appropriate. Whether enrolled in Discovery Camp (D), Adventurer (A), Explorer (E) or X-treme Teen (T), all groups enjoy an assortment of activities throughout the day ranging from arts and crafts, dance, swimming, and organized games/sports. Weekly themes thread the days of the week together and culminate in a weekly age- appropriate trip. One weekly dress up day for extra silliness and fun. We offer free lunch and a healthy snack daily. Children with allergies or food sensitivities should bring their own lunch. Regardless of where we go or what we do, the goal is to always have fun and create great memories.

Discovery Camp is a great way to introduce your child to the summer camp experience. It is designed for children entering preschool and/or Kindergarten in September 2025. Supported by caring counselors, campers are provided with a myriad of activities ranging from arts and crafts, swimming, organized games to promote gross motor skill development, and we'll even sneak in some academic work to be sure they don't forget their A, B, C's or 1, 2, 3's. Please note that all campers must be fully toilet-trained. (Ages 3-4, 1:6 staff to camper ratio)

Adventurers will engage in fun adventures in this traditional day camp as they keep active with physical fitness, sports, dance, indoor and outdoor activities, swimming and so much more. Campers will be excited as they enjoy science activities, be creative in arts and crafts and build resilience as they engage in challenges that require problem-solving and critical thinking skills. Activities will also help campers build social and emotional skills in a fun and inclusive environment. (Ages 5-6 & 7-8, 1:6 staff to camper ratio)

In the **Explorer Camp**, campers will experience a variety of fun, traditional camp activities that revolve around the weekly themes. Explorers will participate in innovative projects, shows, and other special events. Activities include daily swimming, sports, arts and crafts, and STEM activities. These, in addition to group projects will help develop communication and team building skills, as well as persistence and building confidence. All this while making friends and having fun! (Ages 9-11, 1:10 staff to camper ratio)

Teen X-treme team will be an amazing and varied summer experience for this age group. Campers will build communication and collaborative working skills as their team dives into activities based on weekly themes. Campers will explore and partake in the arts, sports, and science, all with a focus on building confidence and strong peer relationships. (Ages 12-15, 1:12 staff to camper ratio)
